

How to Edit Header Text

Header Content

This will be displayed at the top of every page of your site.

See the yellow highlighted area of the image.

A small screenshot of a website header. The top section is highlighted in yellow and contains the text 'This is the header content'. Below this is a navigation menu with several links.

Your Company Name

1. Header text can be edited in the 'Website Design - Basic Setup' or 'Website Design - Advanced Setup' pages.
2. Go to the 'Header Content' section of either page.
3. Type your text into the box. You can highlight your text and add text effects by clicking the relevant shortcut button above the box. See the 'Text Effects' guide for more information.
4. The screen shot on the right (see image above) illustrates where you are making the change to. The yellow highlighted area is where your text change will display.
5. When you are finished go to the bottom of the page and click the 'Submit' button to save your changes.
6. View your web site to see the result.
